## EDUCATION

### Vidyalankar Institute Of Technology

Bachelor of Computer Engineering – CGPA : 9.78

Mumbai, India

2021 – 2025

## EXPERIENCE

### TIH-IoT @ IIT Bombay

Project Fellow

April 2024 – Jan 2025

Mumbai, India

- Received a grant of 6 lakh INR from the Department of Science and Technology, Ministry of Education, Government of India, for our research project.
- Identified a significant gap in the availability of apps providing Multilingual Sign Language Translation, **impacting over 1.5 billion people, nearly 20% of the global population.**
- Aiming to develop an innovative app to address the critical need for Multilingual Sign Language Translation.

### MIRA3D - Samisan Tech Pvt. Ltd

Software Developer Intern

August 2024 — October 2024

Mumbai, India

- Currently working on porting a 3D modeling software to a new tech stack using C++, TypeScript, and 3JS to enhance performance and user experience.
- Contributing to redesigning and optimizing key features for improved scalability and efficiency.

### Cnergee Cloud - Cnergee Technologies Pvt. Ltd.

Software Developer Intern

Aug 2023 — Dec 2023

Navi Mumbai, India

- **Significantly improved application performance and scalability** by migrating from Angular 7 to Angular 14, leveraging features such as faster builds and updated Angular Material.
- **Streamlined code review processes**, fostering a professional work culture, and achieving a significant reduction in code review time.

### Geomitra Solutions Pvt. Ltd

Software Developer Intern

June 2023 — July 2023

Nagpur, India

- **Extracted insights from system data and optimized queries, boosting decision-making accuracy, system reliability, and data retrieval speed.**

## PROJECTS

### Transformers in AI (Final Year Project)

Jan 2024 – Present

- Leveraged AI Transformers and Siamese Neural Networks to **revolutionize biometric authentication**, dramatically **enhancing accuracy and robustness** in security systems.

## SKILLS

**Languages:** C, C++, Java(intermediate), Python(intermediate), Langchain, SQL, JavaScript, TypeScript.

**Libraries and Frameworks:**Node, Streamlit, Flask, HTML, CSS, FAST API, REST API, React(basics).

**Tools and other:** Google Cloud, MySQL, MongoDB(basics), Three.js.

**Hobbies and Interests:** Trekking, Stock Market, Investment, Traveling and Exploring.

## EXTRACURRICULAR ACTIVITIES

### PetFed India

Volunteer

Jan 2024 and Feb 2025

Mumbai, India

- Enhanced attendee experience with engaging activities, ensuring a fun and safe environment for pets and owners.

### Google Developer Student Club – VIT

Technical Lead

Aug 2023 – July 2024

Mumbai, India

- Demonstrated technical leadership by developing strategies, leading workshops, mentoring teams, and fostering a vibrant coding culture within the college and among faculty.

### Google Cloud Facilitator

Google Developer Student Club (GDSC)

September 2023 - October 2023

Mumbai, India

- Led the Google Cloud Study Jams campaign, mentoring 150+ participants, achieving Tier 1 college status, and fostering a collaborative cloud community with Google Cloud Community India.
