EDUCATION

Vidyalankar Institute Of Technology - University of Mumbai

Mumbai, India

Bachelor of Computer Engineering – CGPA : 9.78

2021 – 2025

EXPERIENCE

Oracle Financial Software Services

June 2025 – Present

Associate Technical Consultant

Mumbai, India

- **Legacy System Modernization & Architectural Refactoring:** Spearheading the migration of 200+ banking applications from a legacy 2-tier VB.NET architecture to a scalable 3-tier distributed C#/.NET ecosystem, decoupling the data layer to enhance security, maintainability, and modular deployment.
- **Performance Optimization & Code Translation:** Automating and refactoring critical business logic for high-volume financial transactions, ensuring 100% functional parity while significantly reducing technical debt and improving execution efficiency.

TIH-IoT @ IIT Bombay

April 2024 – Feb 2025

Project Fellow

Mumbai, India

- Secured a **6 Lakh research grant** from the **DST,, Ministry of Education, Govt. of India**, successfully pitching a solution to bridge the digital divide for the hearing-impaired community.
- Spearheaded the **end-to-end development** of a Multilingual Sign Language Translation application, directly addressing an accessibility gap impacting over **1.5 billion people** globally.
- Conducted market research and feasibility studies to validate the product roadmap, ensuring the solution met the critical needs of the target demographic (approx. 20% of the global population).

MIRA3D - Samisan Tech Pvt. Ltd

August 2024 – October 2024

Software Developer Intern

Mumbai, India

- Currently working on **porting a 3D modeling software to a new tech stack using C++, TypeScript, and 3JS to enhance performance and user experience.**
- Contributing to **redesigning and optimizing key features for improved scalability and efficiency.**

PROJECTS

Transformers in AI (Final Year Project)

Jan 2024 – April 2025

- Leveraged AI Transformers and Siamese Neural Networks to **revolutionize biometric authentication**, dramatically **enhancing accuracy and robustness** in security systems.

SKILLS

Languages: Java(Core/Enterprise), C#, Python , SQL, JavaScript, LangChain

Frameworks & Libraries: SpringBoot, .NET Core, Node, Flask, Streamlit, HTML, CSS, React, Angular (basics)

Databases: Oracle DB (19c & 23ai), MySQL, PL/SQL

Tools & Platforms: Git, Google Cloud, Postman, Three.js, Version Control, REST API, FastAPI

Hobbies & Interests: Trekking, Stock Market, Investment, Traveling, Exploring

CERTIFICATIONS

- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate** April 2025
- **Oracle Cloud Infrastructure 2025 Certified Generative AI Professional** September 2025
- **Oracle Certified Professional: Java SE 17 Developer** October 2025

EXTRACURRICULAR ACTIVITIES

PetFed India

Jan 2024 and Present

Volunteer

Mumbai, India

- Enhanced attendee experience with engaging activities, ensuring a fun and safe environment for pets and owners.
